Favorite series

Killing Eve – A recent discovery, as my favorites change a lot. A thrill ride with a delightful tone and characters to die for.

The last series you binge-watched

His Dark Materials – I was a huge fan of the books growing up, and though the HBO series took a while to pick up steam, I've ended up enjoying it a lot.

The next series you planned to watch

Watchmen – I'm hearing a lot of good things about it, and the graphic novel is a masterpiece within its genre.

A character of a series you could embody

I always related to Liz Lemon from *30 Rock*. Ambitious, sardonic, and a stress eater.
